

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

The safeguards that are in place must be preserved! We need more diversity, not less and this is only achieved by having more owners and more local control. Having so much of the media in the hands of moneyed interests is distorting the information we receive and we strongly object!
